

Être's favorite book comparison chart!

How to Use: Throughout the school year, simply fill in the details about each book as you read them (print as many copies as you need to review all the books you read). By the time your final exam rolls around, you'll be casually reviewing common themes and symbols while everyone else is frantically re-reading the books and their notes. Score one for the prepared, smart Êtregirl.

Title, Author & Date	Summary	Main Themes	Major Symbols	Setting & Narrator	Major Characters	Books with Similarities
